**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition and feels that there should be even more competition--not less.

Consumers shouldn't have to explain to the FCC why we want more competition. On the contrary, the FCC (and other regulating agencies) should have to explain to consumers why there ISN'T more competition! I don't recall the laws against monopolies ever being overturned... Have I missed something?

Broadband competition is vital.
